

FoxESS Home Battery

Modular high-voltage stacking, purpose-built for the federal battery rebate tiers.

Key Specifications	
Capacity	7.02 – 98.28kWh (modular HV stack)
Chemistry	LiFePO4 (LFP)
Inverter	Compatible FoxESS hybrid inverter range
Usable depth of discharge	90–100%
Cycle life	Long-life LFP cells
Efficiency	High round-trip efficiency
Protection rating	IP65 (indoor/outdoor)
Warranty	12 years

FoxESS's CQ7 is a high-voltage modular battery launched in Australia in 2026, purpose-designed around the federal home battery rebate tiers. Each CQ7 module adds 7.02kWh, starting with one Master module (with built-in BMS) plus at least one Slave module for a minimum 14.04kWh system, stacking up to 98.28kWh.
