

Canadian Solar Solar Panels

NASDAQ-listed bankability, with a 25-year product warranty on its N-type TOPCon range.

Key Specifications	
Wattage range	510W
Cell technology	N-type TOPCon, monofacial, 108 half-cells
Efficiency	≈21.8%
Warranty	25 yr product / 25 yr performance
Manufacturing origin	Canada-founded, global manufacturing

Canadian Solar is one of the most bankable names in the industry — a NASDAQ-listed parent company with manufacturing scale that puts it among the industry's 'big six'. The CS6.2-54TM 510W is an N-type TOPCon monofacial module with 108 half-cells and a black frame, sourced through OSW Energy, and carries a 25-year product warranty — longer than most competitors' product (not just performance) warranty terms.
